LUKE

An open book is shown from a top-down perspective, lying flat. The pages are illuminated from above, creating a warm, golden glow. The text on the pages is small and mostly illegible. The word "LUKE" is printed in large, bold, black capital letters across the center of the open pages. The book's cover is dark and visible at the edges.

An aerial photograph of a large blue lake, likely the Sea of Galilee, with a small peninsula in the foreground. The surrounding landscape is a mix of green fields and brownish hills, with mountains visible in the distance under a clear blue sky.

LEPROSY

Leprosy might begin with the loss of all sensation in some part of the body; the nerve trunks are affected; the muscles waste away; the tendons contract until the hands are like claws. There follows ulceration of the hands and feet. Then comes the progressive loss of fingers and toes, until in the end a whole hand or a whole foot may drop off. The duration of that kind of leprosy is anything from twenty to thirty years. It is a kind of terrible progressive death in which a man dies by inches. *Barclay*

TESTIMONY

Matthew 11:5

The blind see and *the* lame walk; *the* lepers are cleansed and *the* deaf hear; *the* dead are raised up and *the* poor have the gospel preached to them.

TELL NO ONE

Mark 1:45

However, he went out and began to proclaim it freely, and to spread the matter, so that Jesus could no longer openly enter the city, but was outside in deserted places; and they came to Him from every direction.

THOUGHTS / HEARTS

Hebrews 4:12

For the word of God is living and powerful,
and sharper than any two-edged sword,
piercing even to the division of soul and spirit,
and of joints and marrow, and is a discerner
of the thoughts and intents of the heart.
